KAZAKH NATIONAL MEDICAL UNIVERSITY

Almaty, Kazakhstan

ABOUT UNIVERSITY

Kazakh National Medical University (KazNMU) is one of the top medical universities of Kazakhstan. The university was established in the year 1930 in the rural area of Almaty city. The city is known to have the population of about 1,000,000 - 5,000,000. With its excellent academic results, the government of Kazakhstan classified KazNMU as the national university in the year 2001.

The university is recognized by the ministry of Education of Science of the Republic of Kazakhstan. The university was started with the mission to define a perfect model of competitive and innovation focussed institution in order to deliver highly qualified medical education to the students worldwide. The structure of the university is strong enough to provide up-to-date scientific investigations on urgent problems of Public health implemented in practical health care at a medical services market.

The university offers a number of medical courses under bachelor, master degrees as well as doctorate programs. Many students from various countries apply and get admission in MBBS in KazNMU. Kazakh National Medical University is well-equipped with the modernized infrastructure and the best medical instruments. At present, there are over 11,000 students studying there and over 1500 faculty members are working in Kazakh National Medical University. The faculty members comprise of more than 500 candidates of science, over 200 doctors of science, 130 professors, and 15 laureates of State prizes.

Almaty, Kazakhstan's largest metropolis, is set in the foothills of the Trans-Ili Alatau mountains. It served as the country's capital until 1997 and remains Kazakhstan's trading and cultural hub. Landmarks include the central state Museum, displaying thousands of historic Kazakh artifacts. In the center is Panfilov Park, home to the bright-yellow towers of Zenkov Cathedral, a tsarist-era Russian Orthodox Church. Weather : 23°C, Wind s at 21 km/h, 47% Humidity
